As of September 5, 2017, Hurricane Harvey damaged 203,000 homes, of which 12,700 were destroyed. There were 738,000 people who registered for assistance with the Federal Emergency Management Agency. The agency has paid \$378 million to them. Immediately after the storm, it delivered 80 tractor-trailer loads of emergency supplies. These included cots, blankets and meals. Federal forces rescued 10,000 people who were trapped in their homes or on flooded highways. A flotilla of private boats rescued an unknown number of additional victims. The Houston Police Department's Dive Team rescued 3,000 people in four days. Houston police officer Austin Huckabee said he and four other officers saved 40 people in the first 24 hours. There were 37,000 people in shelters in Texas and 2,000 in Louisiana. Almost 7,000 people were in the George R. Brown Convention Center, where 1,700 received medical treatment.

### Help Provide Relief After Harvey

Hurricane Harvey has caused widespread, catastrophic flooding and damage in Texas and along the Gulf Coast. This fund will provide relief to survivors in the form of emergency supplies like food, water, and medicine in addition to longer-term recovery assistance to help residents recover and rebuild. All donations to this fund will exclusively support relief and recovery efforts from this storm.

#### CHALLENGE

Record-breaking flooding is occurring in Houston and the surrounding areas. Torrential rainfall continues to threaten homes and lives along the Gulf Coast. Several of GlobalGiving's local nonprofit partners are responding to survivors' immediate needs and have asked us to help fund their relief and recovery efforts on the ground.

#### SOLUTION

All donations to this fund will support recovery and relief efforts for Hurricane Harvey. Initially, the fund will help first responders meet survivors' immediate needs for food, fuel, clean water, hygiene products, and shelter. Once initial relief work is complete, this fund will transition to support longer-
